

SARBANES -OXLEY ACT of 2002

Section 3: Commission Rules and Enforcement.

A violation of Rules of the Public Company Accounting Oversight Board (“Board”) is treated as a violation of the ’34 Act, giving rise to the same penalties that may be imposed for violations of that Act.

Section 101: Establishment; Board Membership

The Board will have five financially-literate members, appointed for five-year terms. Two of the members must be or have been certified public accountants, and the remaining three must not be and cannot have been CPAs. The Chair may be held by one of the CPA members, provided that he or she has not been engaged as a practicing CPA for five years.

The Board’s members will serve on a full-time basis.

No member may, concurrent with service on the Board, “share in any of the profits of, or receive payments from, a public accounting firm,” other than “fixed continuing payments,” such as retirement payments.

Members of the Board are appointed by the Commission, “after consultation with” the Chairman of the Federal Reserve Board and the Secretary of the Treasury.

Members may be removed by the Commission “for good cause.”

Section 101: Establishment; Duties Of The Board.

Section 103: Auditing, Quality Control, And Independence Standards And Rules.

The Board shall:

- (1) register public accounting firms;
- (2) establish, or adopt, by rule, “auditing, quality control, ethics, independence, and other standards relating to the preparation of audit reports for issuers;”
- (3) conduct inspections of accounting firms;
- (4) conduct investigations and disciplinary proceedings, and impose appropriate sanctions;
- (5) perform such other duties or functions as necessary or appropriate;
- (6) enforce compliance with the Act, the rules of the Board, professional standards, and the securities laws relating to the preparation and issuance of audit reports and the obligations and liabilities of accountants with respect thereto;
- (7) set the budget and manage the operations of the Board and the staff of the Board.

Auditing standards. The Board would be required to “cooperate on an on-going basis” with designated professional groups of accountants and any advisory groups convened in connection with standard-setting, and although the Board can “to the extent that it determines appropriate” adopt standards proposed by those groups, the Board will have authority to amend, modify, repeal, and reject any standards suggested by the groups. The Board must report on its standard-setting activity to the Commission on an annual basis.

The Board must require registered public accounting firms to “prepare, and maintain for a period of not less than 7 years, audit work papers, and other information related to any audit report, in sufficient detail to support the conclusions reached in such report.”

The Board must require a 2nd partner review and approval of audit reports registered accounting firms must adopt quality control standards.

The Board must adopt an audit standard to implement the internal control review required by section 404(b). This standard must require the auditor evaluate whether the internal control structure and procedures include records

that accurately and fairly reflect the transactions of the issuer, provide reasonable assurance that the transactions are recorded in a manner that will permit the preparation of financial statements in accordance with GAAP, and a description of any material weaknesses in the internal controls.

Section 102(a): Mandatory Registration

Section 102(f): Registration And Annual Fees.

Section 109(d): Funding; Annual Accounting Support Fee For The Board.

In order to audit a public company, a public accounting firm must register with the Board. The Board shall collect “a registration fee” and “an annual fee” from each registered public accounting firm, in amounts that are “sufficient” to recover the costs of processing and reviewing applications and annual reports.

The Board shall also establish by rule a reasonable “annual accounting support fee” as may be necessary or appropriate to maintain the Board. This fee will be assessed on issuers only.

Section 104: Inspections of Registered Public Accounting Firms

Annual quality reviews (inspections) must be conducted for firms that audit more than 100 issues, all others must be conducted every 3 years. The SEC and/or the Board may order a special inspection of any firm at any time.

Section 105(b)(5): Investigation And Disciplinary Proceedings; Investigations; Use Of Documents.

Section 105(c)(2): Investigations And Disciplinary Proceedings; Disciplinary Procedures; Public Hearings.

Section 105(c)(4): Investigations And Disciplinary Proceedings; Sanctions.

Section 105(d): Investigations And Disciplinary Proceedings; Reporting of Sanctions.

All documents and information prepared or received by the Board shall be “confidential and privileged as an evidentiary matter (and shall not be subject to civil discovery other legal process) in any proceeding in any Federal or State court or administrative agency, . . . unless and until presented in connection with a public proceeding or [otherwise] released” in connection with a disciplinary action. However, all such documents and information can be made available to the SEC, the U.S. Attorney General, and other federal and appropriate state agencies.

Disciplinary hearings will be closed unless the Board orders that they be public, for good cause, and with the consent of the parties.

Sanctions can be imposed by the Board of a firm if it fails to reasonably supervise any associated person with regard to auditing or quality control standards, or otherwise.

No sanctions report will be made available to the public unless and until stays pending appeal have been lifted.

Section 106: Foreign Public Accounting Firms .

The bill would subject foreign accounting firms who audit a U.S. company to registrations with the Board. This would include foreign firms that perform some audit work, such as in a foreign subsidiary of a U.S. company, that is relied on by the primary auditor.

Section 107(a): Commission Oversight Of The Board; General Oversight Responsibility.

Section 107(b): Rules Of The Board.

Section 107(d): Censure Of The Board And Other Sanctions.

The SEC shall have “oversight and enforcement authority over the Board.” The SEC can, by rule or order, give the Board additional responsibilities. The SEC may require the Board to keep certain records, and it has the power to inspect the Board itself, in the same manner as it can with regard to SROs such as the NASD.

The Board, in its rulemaking process, is to be treated “as if the Board were a ‘registered securities association’”—that is, a self-regulatory organization. The Board is required to file proposed rules and proposed rule changes with the SEC. The SEC may approve, reject, or amend such rules.

The Board must notify the SEC of pending investigations involving potential violations of the securities laws, and coordinate its investigation with the SEC Division of Enforcement as necessary to protect an ongoing SEC investigation.

The SEC may, by order, “censure or impose limitations upon the activities, functions, and operations of the Board” if it finds that the Board has violated the Act or the securities laws, or if the Board has failed to ensure the compliance of accounting firms with applicable rules without reasonable justification.

Section 107(c): Commission Review Of Disciplinary Action Taken By The Board.

The Board must notify the SEC when it imposes “any final sanction” on any accounting firm or associated person. The Board’s findings and sanctions are subject to review by the SEC.

The SEC may enhance, modify, cancel, reduce, or require remission of such sanction.

Section 108: Accounting Standards.

The SEC is authorized to “recognize, as ‘generally accepted’... any accounting principles” that are established by a standard-setting body that meets the bill’s criteria, which include requirements that the body:

- (1) be a private entity;
- (2) be governed by a board of trustees (or equivalent body), the majority of whom are not or have not been associated persons with a public accounting firm for the past 2 years;
- (3) be funded in a manner similar to the Board;
- (4) have adopted procedures to ensure prompt consideration of changes to accounting principles by a majority vote;
- (5) consider, when adopting standards, the need to keep them current and the extent to which international convergence of standards is necessary or appropriate.

Section 201: Services Outside The Scope Of Practice Of Auditors; Prohibited Activities.

It shall be “unlawful” for a registered public accounting firm to provide any non-audit service to an issuer contemporaneously with the audit, including: (1) bookkeeping or other services related to the accounting records or financial statements of the audit client; (2) financial information systems design and implementation; (3) appraisal or valuation services, fairness opinions, or contribution-in-kind reports; (4) actuarial services; (5) internal audit outsourcing services; (6) management functions or human resources; (7) broker or dealer, investment adviser, or investment banking services; (8) legal services and expert services unrelated to the audit; (9) any other service that the Board determines, by regulation, is impermissible. The Board may, on a case-by-case basis, exempt from these prohibitions any person, issuer, public accounting firm, or transaction, subject to review by the Commission.

It will not be unlawful to provide other non-audit services if they are pre-approved by the audit committee in the following manner. The bill allows an accounting firm to “engage in any non-audit service, including tax services,” that is not listed above, only if the activity is pre-approved by the audit committee of the issuer. The audit committee will disclose to investors in periodic reports its decision to pre-approve non-audit services. Statutory insurance company regulatory audits are treated as an audit service, and thus do not require pre-approval.

The pre-approval requirement is waived with respect to the provision of non-audit services for an issuer if the aggregate amount of all such non-audit services provided to the issuer constitutes less than 5 % of the total amount of revenues paid by the issuer to its auditor (calculated on the basis of revenues paid by the issuer during the fiscal year when the non-audit services are performed), such services were not recognized by the issuer at the time of the engagement to be non-audit services; and such services are promptly brought to the attention of the audit committee and approved prior to completion of the audit.

The authority to pre-approve services can be delegated to 1 or more members of the audit committee, but any decision by the delegate must be presented to the full audit committee.

Section 203: Audit Partner Rotation.

The lead audit or coordinating partner and the reviewing partner must rotate off of the audit every 5 years.

Section 204: Auditor Reports to Audit Committees.

The accounting firm must report to the audit committee all “critical accounting policies and practices to be used...all alternative treatments of financial information within [GAAP] that have been discussed with management...ramifications of the use of such alternative disclosures and treatments, and the treatment preferred” by the firm.

The CEO and CFO of each issuer shall prepare a statement to accompany the audit report to certify the “appropriateness of the financial statements and disclosures contained in the periodic report, and that those financial statements and disclosures fairly present, in all material respects, the operations and financial condition of the issuer.” A violation of this section must be knowing and intentional to give rise to liability.

Section 305: Officer And Director Bars And Penalties; Equitable Relief.

In any action brought by the SEC for violation of the securities laws, federal courts are authorized to “grant any equitable relief that may be appropriate or necessary for the benefit of investors.”

Section 305: Officer And Director Bars And Penalties.

The SEC may issue an order to prohibit, conditionally or unconditionally, permanently or temporarily, any person who has violated section 10(b) of the 1934 Act from acting as an officer or director of an issuer if the SEC has found that such person’s conduct “demonstrates unfitness” to serve as an officer or director of any such issuer.

Any profits resulting from sales in violation of this section “shall inure to and be recoverable by the issuer.” If the issuer fails to bring suit or prosecute diligently, a suit to recover such profit may be instituted by “the owner of any security of the issuer.”

Section 401(a): Disclosures In Periodic Reports; Disclosures Required.

Each financial report that is required to be prepared in accordance with GAAP shall “reflect all material correcting adjustments . . . that have been identified by a registered accounting firm”

“Each annual and quarterly financial report . . . shall disclose all material off-balance sheet transactions” and “other relationships” with “unconsolidated entities” that may have a material current or future effect on the financial condition of the issuer.

The SEC shall issue rules providing that pro forma financial information must be presented so as not to “contain an untrue statement” or omit to state a material fact necessary in order to make the pro forma financial information not misleading.

Section 401 (c): Study and Report on Special Purpose Entities.

SEC shall study off-balance sheet disclosures to determine a) extent of off-balance sheet transactions (including assets, liabilities, leases, losses and the use of special purpose entities); and b) whether generally accepted accounting rules result in financial statements of issuers reflecting the economics of such off-balance sheet transactions to investors in a transparent fashion and make a report containing recommendations to the Congress.

Section 402(a): Prohibition on Personal Loans to Executives.

Generally, it will be unlawful for an issuer to extend credit to any director or executive officer. Consumer credit companies may make home improvement and consumer credit loans and issue credit cards to its directors and executive officers if it is done in the ordinary course of business on the same terms and conditions made to the general public.

Section 403: Disclosures Of Transactions Involving Management And Principal Stockholders.

Each issuer’s auditor shall attest to, and report on, the assessment made by the management of the issuer. An attestation made under this section shall be in accordance with standards for attestation engagements issued or adopted by the Board. An attestation engagement shall not be the subject of a separate engagement.

The language in the report of the Committee which accompanies the bill to explain the legislative intent states, “--- the Committee does not intend that the auditor’s evaluation be the subject of a separate engagement or the basis for increased charges or fees.”
