House Passes Missouri Accountancy Bill

Last night, the House Passed [SB 395](#), which will bring Missouri in line with the Uniform Accountancy Act. It now goes to the governor for signing.

Thank you to all MOCPA members for contacting their state representative, encouraging them to support this bill. It's what made the difference! Thank you also to MOCPA member Senator Denny Hoskins, CPA, for sponsoring the bill, along with the efforts of his Chief of Staff Rachel Bauer. In addition, much appreciation to Representative Chrissy Sommer, whose husband Mike is a MOCPA member, for championing the bill in the House. Everyone's combined efforts got this important legislation across the finish line.

A complete session wrap up will be emailed next Friday, May 19, in the *Government Advocacy Update* newsletter. Also, Senator Hoskins, Missouri Department of Revenue Director Joel Walters, and MOCPA Government Relations Consultant Chuck Pierce will provide a session recap at MOCPA's Spring Committee Day on May 19.
