Miscellaneous Information

- The only time you may take a break during your test is at the end of a testlet. CPA does not allow candidates to leave the test while a testlet is in progress.
- It is Prometric's policy that breaks that last longer than 10 minutes require a report to be filed detailing what actions the candidate took during the break.

The temperature in our testing rooms is kept between 70° F and 74° F. Please dress in layers to provide the most comfortable testing environment.
